

Lacewing survey!

The Bordered brown lacewing is known from only two sites in the UK, at Holyrood Park in Edinburgh and Muchalls in Aberdeenshire. This visit will survey the cliffs north of Garron Point, Stonehaven, a possible site for this elusive insect.

When: Monday 1st July

Location: meeting point at layby (at grid reference NO 88365 87762) just past Stonehaven golf club (postcode AB39 3RH).

Time: 11am-3pm

Please wear appropriate clothes and sturdy shoes. Lunch is not provided.

For more information and to book onto the survey, please contact Suzanne Burgess at suzanne.burgess@buglife.org.uk and 01786 447504
