

Introduction to lacewings & their relative's workshop

There are 70 species of lacewing in the UK! This workshop will introduce lacewings and their relatives, followed by a survey within St Cyrus NNR for the rare and elusive Bordered brown lacewing.

When: Wednesday 19th June

Location: St Cyrus NNR, Montrose, DD10 0AQ

Time: 10am-3pm

Please wear appropriate clothes and sturdy shoes. Lunch is not provided.

For more information and to book onto the survey, please contact Suzanne Burgess at suzanne.burgess@buglife.org.uk and 01786 447504
